“Collective teacher efficacy is greater than three times more powerful and predictive of student achievement than socioeconomic status. It is more than double the effect of prior achievement and more than triple the effect of home environment and parental involvement.” ([The Power of Collective Efficacy](#), Donohoo, Hattie, and Eells)

Led by Jenni Donohoo, PhD, a three-time, best-selling author and professional learning facilitator with more than 20 years’ experience in leading school change. Jenni’s three books include: *Collaborative Inquiry for Educators: A Facilitator’s Guide to School Improvement*; *The Transformative Power of Collaborative Inquiry: Realizing Change in Schools and Classrooms* (co-authored by Moses Velasco); and *Collective Efficacy: How Educators’ Beliefs Impact Student Learning*.

December 13 – Learn:

- What collective efficacy is.
- Why collective efficacy matters.
- How to evaluate it in your own school and district.

December 14 – Learn concrete practices that build collective efficacy, including:

- ✓ Which leadership behaviors support collective efficacy.
- ✓ How to focus collaborative work on student learning.
- ✓ Strategies to structure professional learning that support teacher efficacy.
- ✓ Processes and protocols that increase team efficacy.

Our Two-day Process: Educators will be engaged in a structure over the two days for planning, acting, assessing, and reflecting on leadership practices that foster collective teacher efficacy.
